DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States
- 2. Claims 1, 2, 9, and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Chow (4,280,379).

Chow ('379) discloses a reversible ratchet wrench which anticipates the structure of the wrench as presently claimed, including the provision of a color coding on either the direction switch, in one embodiment, or the direction button, in another embodiment.

3. Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Zumeta (4,936,170).

Zumeta ('170) discloses a color coding system primarily for implements including tools or other hand-manipulated devices, whereby individual colors are applied to tools of a series having diverse sizes, such diversity of size following an orderly scheme, such as having like denominators with incremental numerator differences.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Anderson, Amis, Arnold, Bond, Cirone, Craig, Crosser, Henke, Johnson, Kupfer, McCollom, McCune, Morrison et al., Pieri, Ray et al., Schwartz, Tipper

Application/Control Number: 10/623,964

Art Unit: 3723

et al., Trusty, Sr., and Vogel each disclose tools or tool systems which utilize a visual coding system. Hsien, Hu, and Wu each disclose a specific ratchet wrench structure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Thomas whose telephone number is (703) 308-4250. The examiner can normally be reached on 7-4 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David B Thomas can be reached on (703) 308-4250. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have guestions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
